DUTIES:

Under the general direction of the Administrator I in the Professional Services Division, the Consultant in Teacher Preparation (Program Evaluation and Research) performs the following:

- **Professional Preparation Programs** - Responsible for development of subject matter preparation standards and professional preparation program standards for assigned credential areas. Includes consultative and analytical duties in developing the standards, convening and coordinating the work of advisory panels, and preparation of agenda items for Commission action. Once standards are adopted, the consultant is responsible for communicating with prospective program sponsors about the standards, providing technical assistance, facilitating the program review process for sponsors responding to new program standards, and training and coordinating the work of reviewers of program proposals.
- **Accreditation Responsibilities** - Responsible for assistance in the implementation of the accreditation system for institutions of higher education and LEA-based programs offering educator preparation programs. This includes the biennial reporting process, the program assessment process, oversight of activities in preparation for accreditation site visits, training reviewers, preparing supporting materials, analysis of data submitted by program sponsors, selecting review team members, facilitating the site visits and preparing reports for the Committee on Accreditation.
- **Policy Development** - Conduct policy research and studies on complex issues with the involvement of stakeholders as directed by the Commission. Prepare reports of the results for agenda items to be presented to the Commission.

CONDITIONS OF EMPLOYMENT: Fingerprint Clearance is required.
